

# Materials Guide

## #1 & #5 Plastics

---

### #1 Plastics ('Clamshells')

Berries

Salad

Eggs

Herbs

Please check every item for the symbol and material characteristics:

- Symbol: recycling symbol #1
- Look/feel: clear and smooth with very slight flex
- Tip: makes a crinkly sound when squeezed

Place clamshells in the provided **Blue Bag**, which can be ordered in the Member Dashboard Shop.

---

### #5 Plastics

Yogurt

Takeout

Dips

Butter

Please check every item for the symbol and material characteristics:

- Symbol: has recycling symbol #5.
- Color: often colored and may be slightly translucent, but not clear.
- Flex: mostly rigid with some give when pressed

Place #5 plastics in the provided **Green Bag**, which can be ordered in the Member Dashboard Shop.

---

Make sure items are empty, clean, and dry (they do not need to be spotless). Stickers and labels can stay on. If the lid and container have different symbols, separate them and recycle only the accepted piece.
